THE Plan Is was established in 2009 and has developed a web-based project planning tool ideal for people who want to manage their deadlines. The product has been attracting test users and interest from around the world. Founder Richard Revis said:

"Being shortlisted is fantastic news and initiatives like this really demonstrate the value of being based in Lambeth, where small business is supported. "The recognition this brings to the business enhances its profile which is important for any start-up company."

## My crepes expectation

SITUATED in South Lambeth Road, La Petite Bretagne provides a broad range of crepes - a French speciality - that can be filled with sweet or savoury ingredients.

Unlike English crepe makers, who use plain flour, La Petite Bretagne uses real buckwheat flour which is what makes them so different - tastier but also healthier and more nutritious.

La Petite Bretagne offers its services on the London markets but also for private and corporate events.

Antoine Detrie, pictured, said: "I am delighted to have been shortlisted for the Best Young Entrepreneur award and Best Market Trader award.

"For me, it is already a reward. It shows that all the efforts I have undertaken until now on originality and quality have been recognised.

"It is also a stimulation to go further."

"This will most certainly help to give us the confidence to develop our business and become more recognised as a successful estate agency firm, especially in our area."

"It will also serve as a fantastic endorsement for Raw Love UK, which
